PTO for sponsorship details and Gift Aid form

General Sponsorship details

There are many ways in which you can help with funding the restoration of NG15 №134 and one of the easiest, and the one that we believe will give you a great deal of satisfaction, is by sponsoring some specific area of the repair work, manufacturing work or components needed. That way it's something you can identify with - and boast about - when you see the engine in service. Most of the sponsorship needed has therefore been put into two categories, 'general' and 'specific' items.

The general items covered by this form include some of the larger items so these in turn been broken down further into smaller cost 'units' to bring the value into reach of most people. You can decide whether to buy just the one unit or a multiple of units. You can also decide whether to contribute by making a one-off donation to the value required or to fund the item by subscription over a period of time, perhaps 1 year, 2 years or more, by making regular monthly contributions

To make a donation:

Please complete your contact details at the top of the form, then, for the item you're interested in, decide how many units you wish to sponsor and complete the box in the Number of units column for that item together with the associated total sponsorship value in the next column. If you wish to sponsor some units from a number of different items then fill in those details as well.
